Highlights from this issue

F229 Fantoms
B J Stenson

Review

F230 Premedication for less invasive surfactant administration: a narrative review
C A Murphy, K CW Goss, R Slater, S Ojha, P A Dargaville, C Gale

Guideline

F236 Recognising uncertainty: an integrated framework for palliative care in perinatal medicine
D Wilkinson, S Bertaud, A Mancini, E Murdoch, BAPM Working Group

Viewpoint

F245 Perinatal medicine's best treatment: how should we be using antenatal steroids?
K J Pettinger, R Spencer, S J Oddie

Original research

F248 Macronutrient concentrations in human milk beyond the first half year of lactation: a cohort study
J Muts, J I A Lukowski, J W R Twisk, A Schoonderwoerd, J B van Goudoever, B J van Keulen, C H P Van Den Akker

F253 Cerebral injury and retinopathy as risk factors for blindness in extremely preterm infants
B M Honan, S A McDonald, C P Travers, V V Shukla, N Ambalavanan, C M Cotten, V G Jain, H E Arnold, N A Parikh, J E Tyson, S R Hintz, S A Walker, M G Gantz, A Das, W A Carlo

F261 Neonatal hyperinsulinism: a retrospective study of presentation and management in a tertiary neonatal intensive care unit in the UK
M-S Kalogeropoulou, H Couch, A Thankamony, K Beardsall

F269 Trends in sex differences in neurodevelopmental outcomes among extremely preterm infants
N S Boghossian, N A Mack, E F Bell, S Tan, B J Stoll, M A Rysavy, N Ambalavanan, J E Tyson, A Das, S R Hintz, for the Eunice Kennedy Shriver National Institute of Child Health and Human Development Neonatal Research Network

F279 Validation of a machine learning algorithm for identifying infants at risk of hypoxic ischaemic encephalopathy in a large unseen data set
A L Murray, D S O'Boyle, B H Walsh, D M Murray

F285 Fetal haemoglobin and oxygen requirement in preterm infants: an observational study
T Ulinder, W Hellström, C Gadshøll, L Nilsson, M Gebka, G Robertz, M Bruschetti, A Hellstrom, D Ley

F291 Association between early pulmonary arterial pressure measurements and bronchopulmonary dysplasia or mortality in very preterm infants: a prospective cohort study
M S Akin, G Kas, E Aydin, A K Cetimkaya, I Ece, F N Sari, E Alyamac Dizdar

F297 Intermittent sigh breaths during high-frequency oscillatory ventilation in preterm infants: a randomised crossover study
J L Hough, L Jardine, M J Hough, M Steele, G Greisen, C Heiring

F303 Clinical and neuroimaging patterns of perinatal intracranial haemorrhage in fetuses and term-born neonates: a prospective observational cohort study
M Hausman-Kedem, S Libzon, A Fattal Valevski, G Malinger, N Krajden Haratz, I Tokatly Latzer, A Blumovich, J Roth, S Constantini, D Mandel, L Ben-Sira, S I Shiran

F313 Effect of an oral stimulation protocol on breastfeeding among preterm infants: a randomised controlled trial
G Jayapradha, L Venkatesh, P Amboiram, R K Balasubramaniam, U Balakrishnan

When you have finished with this please recycle it

- F319** Delivery room dextrose gel for preterm hypoglycaemia (the GEHPPI study):

OPEN ACCESS

a randomised placebo-controlled trial
G King, J Sloan, P Duddy, A O'Sullivan, N Ó Catháin, J Miletin, S Dempsey, S Moore, J R Purna, C McDermott, M Moran, J James, J B Letshwiti, K Tabery, A Kubátová, J Janota, J Kelleher

- F326** Young adult reflections on life experiences following preterm birth: a cross-sectional descriptive study

C A Mackay, C Gray, C Campbell, M Sharp

- F334** Impact of visual distraction on neonatal mask ventilation: a simulation-based eye-tracking study

K Bibl, M Wagner, R Dvorsky, M Haderer, V Giordano, P Groepel, A Berger, T Whitfill, B Kadhim, M A Auerbach, I T Gross

PostScript

- F342** Response to: 'Randomised crossover study on pulse oximeter readings from different sensors in very preterm infants' by Sharma *et al*

C A Maiwald, C E Schwarz, K Böckmann, L Springer, C F Poets, A R Franz

Images in neonatal medicine

- F247** Extensive aplasia cutis congenita of the trunk
A Hötler, S Forchhammer, T Mentzel, K B Kreutzer, C Wiechers, A Scheu

- F341** Infantile haemangioma initially considered to be a chemical burn

V Parmar, R Madhudiya
